"Your way is far, don't look back."

EXPERIENCE

Chatbot Project By Freelancing
ICOG Labs - Ethiopia

In developing a chatbot, innovation is key to driving effective communication and automation. A successful chatbot should possess empathy, offering assistance with intelligence and efficiency. The interaction between the user and the chatbot must be seamless, ensuring responsiveness and personalization to cater to individual needs.

Full Stack By Remote Contract For Eight(8) Months
Zala Techs - Ethiopia
2023 - 2024

I Designed Responsive and Scalable projects based on the Company needs,
and also, worked together to the Team of Our Companies, that is to help gather experiences from Top Senior Experienced Developer.
